## DIRECTORY OF PRESCHOOL PROGRAMS IN LANCASTER COUNTY

This directory is a guide to preschool programs in both Lancaster City and County. Preschools, also known as nursery schools, provide young children with opportunities to interact in both organized group activities and independent play. Children are introduced to basic educational concepts in preparation for entering kindergarten.

The schools are listed alphabetically in the text. There is a geographic index and an alphabetical index to help locate specific schools. Because each program has its own unique philosophy and curriculum, parents need to call the individual preschools in their area for more information. When choosing a preschool for your child(ren), you may want to consider the following:

- Visit the school's classrooms to talk with the teacher and to observe children while they are involved in a variety of activities.
- Ask for information on the daily class activities, special events, transportation, discipline policy and emergency procedures.
- Most preschools have quarterly or monthly payment plans. If you need financial aid with tuition, discuss your needs with the director.

Preschools operated in conjunction with child care centers are licensed by the Pennsylvania Department of Public Welfare. For licensing information or to file a complaint about these programs, contact:

**PA Department of Public Welfare**  
Office of Child Development & Early Learning  
North Central Region Day Care  
DGS Annex  
Hillcrest, Building 53  
Harrisburg, PA 17105  
800.222.2117

Preschools not affiliated with child care centers are licensed by the Department of Education. To inquire about the licensing of these preschools or to file a complaint, contact:

**Division of Nonpublic, Private and Charter School Services**  
Department of Education  
333 Market Street  
Harrisburg, PA 17126-0333  
717.783.5146

---

Note: If you are in search of a full-time child care center, consider searching for centers through Keystone STARS. Keystone STARS is a continuous quality improvement program. It has four STAR levels; each STAR designation has its own research-based performance standards. These standards measure areas that make a difference in the quality of care your child receives. To locate quality child care centers in your area, visit [http://www.pakeys.org/pages/stars\\_centers.aspx](http://www.pakeys.org/pages/stars_centers.aspx).

---

Success By 6™ is a comprehensive early childhood initiative of United Way of Lancaster County. Over 120 volunteers are actively engaged with Success By 6 (SB6) representing organizations from business, education, health care, child care, philanthropy and human service. The overall mission is to improve the lives of children prenatal to eight years of age, ultimately helping all children to succeed in school and life. For more information about this initiative and the support it provides to parents, caregivers, education professionals and others, contact SB6 at 717.824.8124.

Inclusion of a preschool in this directory does not imply endorsement by United Way LINC.  
Please notify United Way LINC at 717.291.5462 of any omissions or corrections.
